2023 PARTNER SUMMARY

Epson Tour / LPGA

The Epson Tour is the official qualifying tour of the LPGA Tour and enters its 42nd competitive season in 2023 with the support of its umbrella partner Epson. The Tour's mission is to prepare the world's best young women professional golfers for a successful career on the LPGA Tour.

INOVA Solutions

"In a rapidly changing world, we advise businesses and individuals on how to prepare for the unexpected, much like this tournament prepares the rising stars of the LPGA to prepare for the Tour" says John Le Boeuf, Founder and CEO of Inova Solutions. With more than 25 years of senior management experience, John has spearheaded the company's expansion across 14 countries on 3 continents working with market-leading companies such as Blue Cross Blue Shield, Mutual of Omaha Companies, and Cigna Health Care. Team, passion and challenge are what drive John today. His philosophies are simple: "Good people achieve a lot more together, build a solid company reputation, and go a lot further."

Mission Inn Resort & Club

The Beucher family has been supporting the game of golf for more than 45 years as founders of the Florida Junior Golf Association which gives the youth of Central Florida an avenue to experience and explore the game of golf. Their generosity and enthusiasm to help young people reach their maximum potential in golf has inspired them to support and host the LPGA's Epson Tour at Mission Inn Resort and Club which their family has owned since 1964. The resort is located in the Central Florida town of Howey-in-the-Hills, 35 minutes Northwest of Orlando on an 1,100-acre oasis renowned for its picturesque rolling hills, orange groves, shimmering lakes and extensive natural beauty. Having hosted a rather impressive list of tournaments over the years on the 106-year-old El Campeón course, making Mission Inn Resort an LPGA tour stop is the next step in the natural evolution that has been decades in the making.

Lake County Tourist Development Council

Lake County, Florida might otherwise be known as Florida's "hill country" as it is one of the few areas of the state that has rolling hills, in addition to the approximately 1,400 lakes that dot the county. The topography makes for golf courses with elevation changes which are rare in Florida. Lake County's natural resources and top-notch facilities welcome a variety of sports including golf, fishing, watersports, triathlons, beach volleyball, softball, and more. As a proud host of many national championship events and a favorite location for world-class and Olympic athletes to train, we welcome the opportunity to elevate the game of golf for women by being a sponsor of the Epson / LPGA tournament.
